

The Donnas, Are You Gonna Move It For Me

I didn't come here
To see you pouring beer all over your face
And no one told me
That if you liked us you'd shoot up the place
Somebody called the bouncer and get this guy of the stage
He wrote his number on his boxers but he's three times my age

C'mon tell me
Are you gonna move it for me
I wanna know now
Are you gonna move it for me

You wanna meet me
But you wrote a bad review of our show
If you don't like us
What are you doing standing in the front row
If you didn't come to party why did you bother coming at all
And if you wanna get it on take it to the bathroom stall

Are you gonna move it for me
(Are you gonna move it for me)
