

The Donnas, Give Me What I Want

I see you're making out like you're solid gold
Say you keep your nose clean but that's not what I've been told

I came here to find you, I came to remind you
Don't you miss the games that we used to play

Oh yeah Oh yeah Give me what I want
Or I'm gonna have to tell them all
Oh yeah Oh yeah Give me what I want
Or I'm gonna have to tell about you, Woo Hoo Hoo!

So who's your girlfriend looks like a real winner
Sweet little sister don't know that you're my sinner

You're really makin' out
You're solid gold
You keep your nose clean
But I know you've been missin' me!
