The Doors, Cars Hiss By My Window

The cars hiss by my window Like the waves down on the beach The cars hiss by my window Like the waves down on the beach I got this girl beside me But she's out of reach

Headlight through my window Shinin' on the wall Headlight through my window Shinin' on the wall Can't hear my baby Though I called and called

Yeah, right Woo!

Windows started tremblin'
With a sonic boom

With a sonic boom, boom
A cold girl'll kill you
In a darkened room
