

# The Doors, Someday Soon

Someday soon  
Someday soon  
Familiar freaks will fill your living room  
Rugs lash out there lizard tongues  
Your not getting young  
Your not getting young

But your going to die  
And your going to be needing all of your eyes

You'll be all alone  
When the cannibals cry  
All by your self  
Inside infancy's lie

Someday soon  
Someday soon  
Television bleeding like a harvest moon  
Flush the scissors down the hole  
Your getting old  
Your getting old

And I hate to remind you but your going to die  
And your going to be needing all of your lies

You'll be all alone  
When the cannibals cry  
All by yourself  
Inside infancy's lie

Someday soon  
Someday soon  
Someday soon  
Someday soon
