

# The Doors, Verdilac

I'm gonna hang on your neck just like a verdilac  
Take you for a ride in my cadillac  
Well I tried, I tried but I can't make you understand  
Baby can't you see I'm more than just a man

If you don't bring me coffee in my favourite cup  
You're make it necessary for me to conjure up  
Spirits

I'm gonna hang on your neck just like good luck  
Take you for a ride in my cadillac  
Well I tried, I tried but I can't make you understand

If you don't bring me coffee in my favourite cup  
You're make it necessary for me to conjure up
