

# The-Dream, Playin' In Her Hair

Yo Yo Yo

That's my girl right?

That ain't my girl, that's my baby

OOOh OOHH

That's my baby right there (that's my baby right there)

That's my baby right there (that's my baby right there)

That's my baby right there (that's my baby right there)

Verse

Before the mmpf popped off she rubbed my back, rubbed my back (shawty rubbed my back)

She never gone for long she be right back, be right back (shawty be right back)

And she keep a bag full of goodies

Her love's baked up like pillsbury cookies (ooh Yeah)

It ain't about the Benz or the Money

She's my bee, I'm her honey

Man that's my homie

And she got me playin' in her hair

Chorus

And I fell like an outward boxer in the very first round

Got me playin in her hair

Tried to keep my guard up, but she caught me and I'm goin down

Got me playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Got me playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Verse 2

See I love this girl, She's all I need

And right now anything she want she can get it from me, me, me

And she do her thang, when I come around

And even when I'm not(not)up in the spot shawty hold me down, down, down

Before the mmpf popped off she rubbed my back, rubbed my back (shawty rubbed my back)

She never gone for long she be right back, be right back (shawty be right back)

And she keep a bag full of goodies

Her love's baked up like pillsbury cookies (ooh Yeah)

It ain't about the Benz or the Money

She's my bee, I'm her honey

Man that's my homie

And she got me playin' in her

Chorus

And I fell like an outward boxer in the very first round

Got me playin in her hair

Tried to keep my guard up, but she caught me and I'm goin down

Got me playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh

Got me playin in her hair, eh, hair, eh, hair, eh

Playin in her hair, eh, hair, eh, hair, eh
