

# The Drums, I Don't Want To Go Alone

The dream you told me  
Well I usually get bored  
But this one I can't ignore  
And oh  
If I was on my death bed  
Well, would you leave me  
Walk out the door

I don't want to go alone /2x

I guess if I think about it  
I've had the same fear all my life  
And loving you can take  
Won't make anything different in my world

I don't want to go alone /2x
