

The Exploited, Chaos Is My Life

No future no future

No future at all

No money no job

You've got fuck all

[Chorus]

Chaos is my life

Chaos is my life

Chaos is my life

Another fucking restart

Is waiting for you

The future is fucked

More chaos for you

[Chorus]

Chaos is my life

Chaos is my life

Chaos is my life

Don't let the bastards

Get to you

The future is chaos

And chaos is you

[Chorus]

Chaos is my life

Chaos is my life

Chaos is my life

Chaos is my life [x4]
