

# The Exploited, My Life

Let me live my life my way  
Living it from day to day  
I'll do the things that  
I want to do  
It's up to me not up to you  
GO AWAY GO AWAY LEAVE ME ALONE  
I JUST WANT TO LIVE A LIFE OF MY OWN  
I DON'T WANT TO BE NOBODYS CLONE  
Don't try to tell me what to wear  
How to dress or have my hair  
I'll never listen to what you say  
I'll never sell out there is no way  
You say it's only a passing phase  
The craze for teenage nowadays  
It may only be a fashion to some  
But we'll be here for years to come  
Sex and drinks and lots of drugs  
Passes the time when you're on the dole  
There's nowt to do so you start your own band  
And tour this god forsaken land
