

The Exploited, My Life

Let me live my life my way
Living it from day to day
I'll do the things that
I want to do
It's up to me not up to you
GO AWAY GO AWAY LEAVE ME ALONE
I JUST WANT TO LIVE A LIFE OF MY OWN
I DON'T WANT TO BE NOBODYS CLONE
Don't try to tell me what to wear
How to dress or have my hair
I'll never listen to what you say
I'll never sell out there is no way
You say it's only a passing phase
The craze for teenage nowadays
It may only be a fashion to some
But we'll be here for years to come
Sex and drinks and lots of drugs
Passes the time when you're on the dole
There's nowt to do so you start your own band
And tour this god forsaken land
