

The Explosion, Tarantulas Attack!

3000 miles away
you can hear the sirens sound
dirty eggs are hatching
they're running all over town

tarantulas attack
cities fall we're fucking maniacs
tarantulas attack

from new york to san francisco
you can hear them crawl around
got you by the ankles
reaching up from underground

tarantulas attack
missiles do nothing eight legs and hairy backs
tarantulas attack

tarantulas attack
missiles do nothing eight legs and hairy backs
tarantulas attack
