The Fall, Immortality

You try and change it You try and arrange it You try and shape it But it's immortality, yeah It's immortality

You cannot change it Or rearrange it It's immortality

Immortality Immortality

That's where you're at, dear You're shedding your mentality But it's immortality And you cannot buy it You cannot put it in your pocket book You cannot put it in your BCI Don't try and shape it Cos it's immortality It's immortality, yeah Immortality, yeah

It's where you're at, yeah

Immortality Immortality

The Viking gods had it (Lord/Nord) Odin had it Don't try and change it Don't try and put it in your pock-book-et It's immortality It's immortality, yeah

And you cannot change it
And you cannot rearrange it
And you cannot shape it
Cos it's reality, yeah
It's immortality, yeah
You cannot buy it
And that's all you're gonna get
From immortality
Immortality
