Is there anybody there?

Step forward for

My garden is made of stone

There's a computer center over the road

I saw a monster on the roof

Its colors glowed on the roof

Round the corner

Is quester psykick dancehall

Step forward for

ESP medium discord

Here they have no records

They know your questions about no words

Just bumble stumble to the waves

Twitching out to the waves

Clock it! Clock it!

It's quester psykick dance-hall

Never bored with

ESP medium discord

When I'm dead and gone

My vibrations will live on

In vibes on vinyl through the years

People will dance to my waves

Rock it! Rock it!

It's quester psykick dance-hall

Step aboard for
