

# The Fall, Putta Block

What a dynamic entrance

Put a block on the words  
This I hear on a train  
We had salmon on a bus  
At Epsom no races lost  
We don't bet we just take ('tec)

Put a block on the words  
Got no check on the world  
Go and put a block on the works  
Listen boys and girls  
Just closer  
On the (clommererds)  
Just close off the words  
Put a block on the words

The nine unknown men knew this  
Three sorts  
The first: along Louie's life  
The second: the complete restructure of your pretentious life  
Three: the only reason you know this  
Is that it was well documented  
But I say

Put a block on the words

Here's an independent chart moneyspinner  
For all you people who've come a long way  
Me and the guys played this for charity for spastics  
We played it 10000 times  
And raised 5 shillings and 7 and a half pence for charity

Cary Grant's wedding  
Hail new puritan, righteous maelstrom  
Have you ever heard a Bill Haley LP  
What is this shit?  
Everybody go Cary Grant's wedding
