

# The Features, Exorcising Demons

I'm staying with a friend of mine  
'Cause at home the tension's running high  
Even though we both agree  
This is for the best, maybe we're wrong

I'm sorry 'bout the dirty clothes  
And all the dishes in the sink  
I think I need some time alone  
I just need time to sit and think

There's something good in everything  
Even though it kind of stings  
I'm exorcising demons from my life

Oh, demons be gone  
Leave me alone tonight  
Oh, tonight

Don't come around here any more  
I don't wanna see you at my door  
I can hear you haunting me  
That much is plain, just let me be

There's something good in everything  
Even though it kind of stings  
I'm exorcising demons from my life

Oh, demons be gone  
Leave me alone tonight  
Oh, tonight

Oh, demons be gone  
Leave me alone tonight  
Oh, tonight
