

The Features, Guillotine

You stand for the king
And his eyes
First he
Then

"Boy, you're damned
You're damned
"

You take a moment
While it sinks in
And you politely
That you won't bend

Oh, oh, oh
Guillotine, gonna lose your head
Gonna lose your head
Gonna lose your head

The king begins
And the queen

Now they take you by
And out the door

Soon you're surrounded
'Cause everybody knows
There'll be no admission
To see your show

Oh, oh, oh
Guillotine

You wear a smile now
'Cause you have no choice
You're just entertainment
For the girls and boys

Oh, oh, oh
Guillotine, gonna lose your head
Gonna lose your head
Gonna lose your head

Now you lost your head
