## The feelings, Same Old Stuff

My love look me in the eye don't lie

Whats eating you inside

I know someone said I aint your kind

Who knows that maybe their right

Do you feel it in your bones

And bones beneath your skin

And the blood that flows within

I thought it was obvious

My love we're made of the same old stuff

Same old stuff

It's not hard

Just look at how close we are

Instead of how far

My love we're made of the same old stuff

Same old stuff

It's not hard

Just look at how close we are

Instead of how far

So what tell me what you got to hide

Do we all get pulled back sometimes

You feel cold

You feel so low

Just the same as i

I feel it in my bones

And I feel it in my skin

And the blood that flows within

I thought it was obvious

My love we're made of the same old stuff

Same old stuff

It's not hard

Just look at how close we are

Instead of how far

I did it your way

Don't push it baby

Theres nothing more than bones and impressions now

Same old, same old, same old

There's nothing more

Same old, same old, same old

There's nothing more

My love its time

My love.

Same old, same old

Same, same old.
