

The Finn Brothers, Gentle Hum

This bird has to sing
My heart has to follow
A man with no soul
Is wooden and hollow

This gentle hum
Is just begun
This gentle hum
Make us one

My wish is for you
An end to your sorrow
And if it comes true
You'll wake up tomorrow
Alone

With a gentle hum
Is just begun
This gentle hum
Will make us one

There
For anyone who cares
Solemn faces in the courtroom stare

And this gentle hum
Will wake up tomorrow

With a gentle hum
This gentle hum

This gentle hum
Will make us one
This gentle hum
Is just begun

This gentle hum, coming up from before
Find a loving feeling, inside
This gentle hum, bringing it back to me
Find a loving feeling, in your life
