

The Flaming Lips, Are You A Hypnotist??

I had forgiven you for tricking me again.

But I have been tricked again into forgiving you.

What is this?

Are you some kind of hypnotist?

Waving your powers around.

The sun eclipse behind the cloud.

I thought I recognized your face amongst all of those strangers.

But I am stranger now amongst all of the recognized.

What is this?

Are you some kind of hypnotist?

Waving your powers around.

The sun eclipse behind the cloud.
