

# The Flaming Lips, It Overtakes Me

It overtakes me, It overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, It Master-Slaves me  
It overtakes me... Oh oh oh I

It overtakes me, It overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, It Wakes and Bakes me  
It overtakes me... Oh oh oh I

You know that it isn't real  
You know that it isn't real  
You'll disappear in a black hole  
You know that it isn't real  
Floating out of control... Oh Wow

It overtakes me, it overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, it overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, It Master-Slaves me  
It overtakes me... Oh oh oh I

You know that it isn't real  
You know that it isn't real

It overtakes me, It overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, It Wakes and Bakes me  
It overtakes me... Oh oh oh  
It overtakes me, It overtakes me  
It overtakes me, It overtakes me  
It overtakes me, It overtakes me  
It overtakes me... Oh oh oh

And I'm there, looking up at the sky  
And I'm scared, thinkin' 'bout the way that I  
Don't understand anything at all...  
And how it overtakes me... and I am just so small...  
Do I stand a chance?
