

# The Floaters, Float On

Aquarius, Libra, Leo, Cancer  
Ralph, Charles, Paul, Larry

Float, float on  
Float on, float on  
Float, float, float on  
Float on, float on

Float, float on  
Float on, float on  
Float, float, float on  
Float on, float on

Float, float on  
Float on, float on  
Float, float, float on  
Float on, float on

Aquarius, Libra, Leo, Cancer  
Ralph, Charles, Paul, Larry

Aquarius and my name is Ralph  
Now I like a woman who loves her freedom  
And I like a woman who can hold her own  
And if you fit that description, baby, come with me

Take my hand, come with me, baby, to Love Land  
Let me show you how sweet it could be  
Sharing love with me, I want you to

Float, float on  
Float on, float on  
Float, float, float on  
Float on, float on

Libra and my name is Charles  
Now I like a woman that's quiet  
A woman who carries herself like Miss Universe  
A woman who would take me in her arms  
And she would say, Charles, yeah  
And if you fit that description  
This is for you especially

Mmm take my hand  
Come with me, baby, to Love Land  
Let me show you how sweet it could be  
Sharing loving with me, I want you to

Float, float on  
Float on, float on  
Float, float, float on  
Float on, float on

Leo and my name is Paul  
You see I like all women of the world  
You see to me all women are wild flowers  
And if you understand what I'm sayin  
I want you to

Mmm, take my hand  
Come with me, baby, to Love Land  
Let me show you how sweet it could be  
Sharing love with me, I want you to

Float, float on  
Float on, float on  
Float, float, float on  
Float on, float on

Cancer and my name is Larry, huh  
And I like a woman that loves everything and everybody  
Because I love everybody and everything  
And you know what, ladies, if you feel that this is you  
Then this is what I want you to do

Ooh, yeah, take my hand  
Let me take you to Love Land  
Let me show you how sweet it could be  
Sharing your love with Larry, listen

Float, float on  
Float on, float on  
Float, float, float on
