

# The Flys, Afraid

i'm here  
out here  
i'm sifting through the pieces of your life  
and i know  
all of your fears  
i know that you will on day be my wife  
be my wife  
yeah yeah yeah yeah

are you now  
or have you ever been afraid  
oh are you now  
or have you ever been afraid  
been afraid

i know  
your face  
i cannot seem to get you off my mind  
and i see  
all of your fears  
i know that one day you will be my wife  
kick it

are you now  
or have you ever been afraid  
oh are you now  
or have you ever been afraid  
been afraid

i see  
your face  
and i know all of your fears
