

The Flys, The Family

(girls talking)

ok this song,uh, is called the family
and,uh, we got a close family of people we 're working with
and we appreciate that
and this is uh a really appropriate number

tell it to the family
ya see it growing day by day
you know you sell it to the people
making music our own way
you know you see it in our faces
see us out at the coooooolest places
tell it to the family
yeeeeeeeah

going to a movie
tickets cost you
two dollars
fifty cents
take your favorite girlfriennnnnd
you know she's of a mexican descent

tell it to the family
ya see it growing day by day
you know you sell it to the people
making music our own way
you know you see it in our faces
see us out at the coooooolest places
tell it to the family
yeaaaaaah

catchin waves at "sunset"
the water there is cool
but awfully dirty
kickin back at coffee
the waitress there is rude
but reeaally pretty

tell it to the family
ya see it growing day by day
you know you sell it to the people
making music our own way
you know you see it in our faces
see us out at the coooooolest places
tell it to the family
yeeeeeeeah

break it down

tell it to the family
ya see it growing day by day
you know you sell it to the people
making music our own way
you know you see it in our faces
see us out at the coooooolest places
tell it to the family
yeaaaaaah

tell it to the family
ya see it growing day by day
you know you sell it to the people
making music our own way
you know you see it in our faces
see us out at the coooooolest places
tell it to the family
yeah
the family
yeaaaaaaaaaaaaa
