The Game, Baby You (ft. Jason Derulo)

Baby you know you got me going crazy You run around my head like these waves Yes baby you You know that you the one that I adore The one I introduce to Tom Ford at dinner That was you! You see you're the one I fell in love with The one I move these drugs with But now you on some fuck shit Anybody but you I ain't figured it that you would be the one to cut me Leave me on the floor fucking bloody, God damn Baby you, you had me fooled the whole time Now you got me in King of Diamonds giving these hoes time Girl, baby you I can't blame you though When you see the dope, you see the dope Now listen, baby you

Every time I decide to leave you all in the past Baby I be thinking about you on the long drive, And you ain't no one make me feel unsatisfied, no! But baby you, you got me going But you got me going, you got me going But you got me You got me /10x

Tell me how you think we living how we live? Like you the one that put us in these cribs Not me but baby you Like I ain't getting money for these shows I guess you think I'm tripping on these hoes They fans but look at you Who in them Celine bags? Who in them Giuseppes, Louboutins, wanna bet me? I win cause it's you You begged me to get on that show I ain't want it but you did I'm a real nigga I did it for you You don't see Swizz and Alicia Kim K and Kanye arguing all the time It's just you I begged you to marry me Half a million dollars out my safe down the drain But fuck it cause that was you Damn we got some beautiful kids But you never say it something we did I guess your baby daddy you Regardless of the shit we go through I got Jason in the booth, 2 am singing shit about you

Every time I decide to leave you all in the past Baby I be thinking about you on the long drive, And you ain't no one make me feel unsatisfied, no! But baby you, you got me going But you got me going, you got me going But you got me You got me /10x

Blood is money and I spent it on you Ain't it funny how it ended up in You said you'd go down for the last time But we both know it's not the last one But I saved mine
Long as you going down
(Honey!)
I'm a tell you what you want to hear
You got me, you got me, you got me, you got me,
I'm a tell you baby
You got me, you get me
What you need a ring for?
When you got me baby
Don't listen to what your friends say
Don't listen to the blogs, baby
Cause they're full of shit
