

# The Gaslight Anthem, Even Cowgirls Get The Blues

I haven't seen Sandy, angry Johnny, or Mary  
I heard they got married  
Mighta had a couple babies  
And traded their memories  
For Farview and Acres  
And never play no pinball  
or get out past the breakers  
But not me, pretty baby  
I still love Tom Petty songs  
And driving old men crazy  
and not while Little Eden is waiting  
So you sing me slow songs  
And I'll drive you crazy  
Tonight  
Yeah  
But all I want is you to be alright and satisfied  
Brothers and sisters know anytime or late at night  
If you call I will answer, I'm open ears though tired eyes  
But the world closed it's arms on us now  
Can I get a witness pretty baby  
I still love Tom Petty songs  
And driving old men crazy  
and not while Little Eden is waiting  
So you sing me a slow song  
And I'll drive you crazy  
Tonight  
Alright, alright  
Alright, alright  
All night, all night!  
There's a party tonight, say it's alright  
Tell your poppa you'll be home when the good feeling dies  
But not me, pretty baby  
I still love Tom Petty songs  
And driving old men crazy  
and not while Little Eden is waiting  
So you sing me a slow song darlin'  
I'll drive you crazy  
Tonight  
Alright, alright  
Alright, alright  
Tonight! Honey!  
All night, tonight  
And I'll drive you crazy  
Tonight
