

# The Gathering, Gift from virgo

I wish i could look in your eyes  
And tell you how i feel  
Right now inside  
Baby i know that it's real  
So real so real, so real  
How i wish i could be with you  
How i wish i wish i wish i could be with you right now  
Every morning, every afternoon, every night  
I wanna be with you  
It don't matter if we go to the park or watch a play  
Stay in the hotel room all day  
I just wanna be with you  
I love everything about you  
From your old school tennis shoes  
To the way you move when you're dancing with me  
Do you remember our first kiss  
It wasn't long enough  
Remember the first time  
We spent those weeks together  
They were not long enough  
All of our conversations  
All of your sweet pages  
They're never long enough  
When it's time for me to leave  
It's so hard to say good-bye  
I never want to say good-bye  
I never ever want to say good-bye  
One day we'll make love  
Finally i'll be yours  
Only you only you  
I could love you  
It's too late  
I already love you  
I love you  
I love you  
I love you
