

The GazzettE, Mad Marble Hell Version

Mad marble hell version
I don't believe the shit of god
I wanna push it like over dooming point
Christ follower put that shit back
And follow what you see
(your eyes)
And i kept inside that fist
To blind to see for that freaky time
I like just this time
When i can hear your freaky soul
Chaostime and nightmare
Chaostime and nightmare
Chaostime and nightmare
Showtime showtime countless kept
And i kept inside that fist
To blind to see for that freaky time
I am to blind to see
When i can hear your freaky soul
Chaostime and nightmare
Chaostime and nightmare
Chaostime and nightmare
Showtime showtime countless kept
(one night)
