

# The Gazette, Taion

A wintry sky and the broken streetlight cold wind.

Unknown shadow the footprint of desertion.

Freedom was taken.

If it wakes up a gloomy ceiling.

A laughing voice sinks in the eardrum it is soiled.

And violence rapes me.

An understanding is impossible.

Why was I chosen? Someone should answer...

dou ka hidoi yume da to kotaete hoshii

dore dake sakebi modae kurushimeba ii

dou ka hidoi yume da to oshiete hoshii

chigiresou na koe de nando mo sakenda

There is no hand of preparing of the disordered hair.

A laughing voice sinks in the eardrum a faint temperature is mixed in the midwinter.
