

The Goo Goo Dolls, All Eyes On Me

Daylight burns your sleepy eyes
It's hard to see you dreaming
You hide inside yourself
I wondered what you're thinkin'
And everything you're chasing
It seems to leave you empty
And it won't take long to burn
All eyes on me
Through the nothing that you've learned
All eyes on me
And the things you choose to be
All eyes on me

Just look away
It's so hard to be someone
Strung out from today
And all that you knew slips away

You drown in deeper oceans
Inventing new religions
They smile and stab my back and
I lie and have to laugh

And it won't take long to burn
All eyes on me
Through the nothing that you've learned
All eyes on me
And the things you choose to be
All eyes on me

Just look away
It's so hard to be someone
Strung out from today
And all that you knew slips away

And you hid in your room
And the light burns away
And you move from the truth
It's all so far from you
