The Goo Goo Dolls, Black Balloon

Baby's black balloon makes her fly I almost fell into that hole in your life And you're not thinking about tomorrow 'Cause you were the same as me But on your knees

A thousand other boys could never reach you How could I have been the one? I saw the world spin beneath you And scatter like ice from the spoon That was your womb

Comin' down, the world turned over And angels fall without you there And I go on as you get colder Or are you someone's prayer?

You know the lies they always told you And the love you never knew What's the things they never showed you That swallowed the light from the sun Inside your room, yeah

Comin' down, the world turned over And angels fall without you there And I go on as you get colder Always someone's prayer

And there's no time left for losin' When you stand they fall, yeah

Comin' down, the world turned over And angels fall without you there And I go on as you get colder All because I'm...

Comin' down, the years turn over And angels fall without you there And I'll go on and I'll lead you home and All because I'm... (All because I'm...) And I'll become What you became to me
