

The Goo Goo Dolls, Don't Worry

I called you up all night til morning
Left my house by noon today
And i saw you standing there
No one spoke, but we both listened
Heard every word you didn't say

And the sun shines all around us
Smells like summers on the way
Tell the story of a lifetime
Tomorrow brings a brand new day

Don't worry bout today
And the words that you said
Shake the world from your head
Least for a while

You say the days keeps getting longer
But my nights seem longer still
Watching repeats on my ceiling
Another hour left to kill
Don't worry bout today
And the words that you said
Shake the world from your head
Least for a while
