

The Goo Goo Dolls, Feel The Silence

You lie awake at night
With blue eyes that never cry
All you remember now
Is what you feel

The truth remains
In midnight conversations
I asked for this moment
But you turned away

Sad like a lonely child
Broken the day you're born
I held the light to you
But I was so vain

And you remain
A promise unfulfilled
I ask you for more
But you push me away

And if we feel the silence
Holding this all inside us
Everything means more now than
Words could explain

And if we feel the silence
Leaving this all behind us
Looking for something more to say
I don't know where I'm going

Only know where I been
But you move through my soul like a hurricane wind
We've been so lost for so long
I don't know how to get back again
And we're drowning in the water
That flows under this bridge
When you're fighting the current
You forget how to live
And I wanted to reach you but I don't know where to begin
And you remain
A promise unfulfilled until today

And if we feel the silence
Holding this all inside us
Everything means more now than
Words could explain
And if we feel the silence
Leaving this all behind us
When it's gone what will you say

How do we hold on
How do we hold on
How do we hold on
How do we hold on
How do we hold on

You lie awake at night
With blue eyes that never cry
