

The Gothic Archies, This Abyss

This abyss, this lightless void
This abyss of world destroyed
This abyss, all deep, all wide
This abyss of Being denied

Even in the darkest forest
Fireflies are flickering
But not in...

This abyss of black increase
This abyss without surcease

Even in the deepest ocean
Is a little moonlight
but not in...

This abyss of night unbound;
This abyss without a sound

Even in your bedroom shadows
There is something moving
but not in...

This abyss, this all-below
This abyss; this death, this "no";
