

# The Guess Who, Grey Day

It's been 31 years since we've had a grey day  
Puffy white clouds reflecting city lights may  
Cause my friends to run away

Gun metal grey is the color of this day  
Puffy white clouds in front and behind say  
Don't go back to gun metal grey day

Don't go back to-grey days  
Try to find-some better ways  
Try to shine-the old ways

I woke up this morning to a perfectly grey day  
Like charcoal snow it hung in the air way  
Puffy white clouds used lightning to tell me

It's just about time to have another grey day  
Puffy white clouds above and below may  
Send us back to the old ways

Don't go back to-grey days  
Try to find-some better ways  
Try to shine-the old ways  
&lt;/lyrics&gt;
