

# The Guess Who, Take It Off My Shoulders

Take it off of my shoulders  
I don't need your heavy load  
Take it off of my shoulders  
Devil get out of my soul  
Away from my soul

Wake up angel, I am calling  
Don't want to drink this misery  
Help me out so I can say now  
Devil get out of my soul  
Away from my soul

Dancin', prancin', high financin'  
No time left for love  
There's only one life and you gotta make the best of it this time  
Wheelin', dealin', never feelin'  
What you might have been dreamin' of  
There's only one chance and you gotta grab just what you can

Take it off of my shoulders  
Devil get out of my soul  
Away from my soul  
&lt;/lyrics&gt;
