

The Hives, Mad Man

Mad man, he operated
He opened up went in and seperated
He made a mess, tried to restore but it was all in vain
That's what I get when the one holding the knife answers to the name

Mad mad mad.....
Mad mad mad...

Mad man he operated
And what I before used to have in mind has now evaporated
Mad man woke me up and said he'd fixed the leak
But now I can't walk and I believe I stu..stu..stutter when I speak.

Mad mad mad...
Mad mad...

I get the feeling that I've been, cutdown - cutdown
Yeah I get the feeling that I've been, cutdown - cutdown
In a sort of scientific way

(Ha ha ha ha ha ha)

Mad man he operated
He opened up went in and seperated
He made a mess, tried to restore but it was all in vain
That's what I get when the one holding the knife answers to the name.....

Mad mad mad...
Mad mad mad...
Mad mad mad...
Mad Mad...
Mad!
