

The Hollies, Amnesty

Love is the sweetest amnesty
Floats like a cloud between the sky and sea
I'll give it to you
Could you please give it to me

Love is the sweetest amnesty
Given by the powers
Then let us be
I'll give it to you
Could you please give it to me
'Cos I need you

We can talk
We can see
If we disagree we do it honestly
Let our lovin' be
The sweetest amnesty

Between you and me
There's bound to be
Some conscientious objection
Our spirits dressed in mystery
Speak solely through affection

Between you and me
There's bound to be
Some conscientious objection
Our spirits dressed in mystery
Speak solely through affection

Love is the sweetest amnesty
Floats like a cloud between the sky and sea
I'll give it to you
Could you please give it to me
'Cos I need you (need you)

We can talk
We can see
If we disagree we do it honestly
Let our lovin' be
The sweetest amnesty

Let our lovin' be
The sweetest amnesty
