

The Hollies, Cable Car

(Sylvester)

Cable car, flying high
Passing stars or wondering why
Did she go or did she die
I don't know

Mountainside, not so green
Snow is more than ever seen
Will she come back in a dream
I don't know

Thoughts of her reminding me
of a time I couldn't see
anything but you and me together

Colored cloud, on you go
to a land you may not know
If you see her
tell her I'm so alone
