The Hollies, Cable Car

(Sylvester)
Cable car, flying high
Passing stars or wondering why
Did she go or did she die
I don't know

Mountainside, not so green Snow is more than ever seen Will she come back in a dream I don't know

Thoughts of her reminding me of a time I couldn't see anything but you and me together

Colored cloud, on you go to a land you may not know If you see her tell her I'm so alone

verse 4
