

# The Hollies, Stormy Waters

Stormy waters, I can't find the harbour  
Stormy water keeps me away  
Stormy waters, I can't try any harder  
And all I ask is to know  
I'm near the bay

I did it again, I let another year roll away  
So I pretend that I've got a reason to say  
I'm closer to having you  
I never should have strayed  
I wish it could  
Be easier  
For me to end someday

Stormy waters, I can't find the harbour  
Stormy water keeps me away  
Stormy waters, I can't try any harder  
And all I ask is to know  
I'm near the bay

Whatever I did tell me would I do  
The same again  
If I could relive would it be the same in the end

'Cause everyday  
Has a funny way  
Of ending up so blue  
I wish it could  
Be easier  
To get back with you

Stormy waters, I can't find the harbour  
Stormy water keeps me away  
Stormy waters, I can't try any harder  
And all I ask is to know  
I'm near the bay

Stormy waters, I can't find the harbour  
Stormy water keeps me away  
Stormy waters, I can't try any harder  
And all I ask is to know  
I'm near the bay
