

The Hollies, Wishing

Wishing, dreaming, wishing

Wishing that I could see you every day
Wishing that I could steal your heart away
Dreaming of the time I could hold you tight
Wishing that the time would come tonight

I've been hoping all along
Things would turn out right
If I could find a wishing star
Then I would spend the night

Wishing that I could see you every day
Wishing that I could steal your heart away

Then I could spend the night

Wishing that I could see you every day
Wishing that I could steal your heart away
Dreaming of the time I could hold you tight
Wishing that the time would come tonight

Wishing, dreaming,
Wishing, dreaming,
Wishing, dreaming,
Wishing, dreaming
