

# The Human League, All I Ever Wanted

(What you gonna say and what you gonna do  
What you gonna say and what you gonna do)

Too good  
You could  
Be so misunderstood  
Snow pure  
Demure  
Don't feel so insecure

Heaven would be lonely without you  
You satisfy the need in me  
No one makes me feel the way you do  
What you gonna say and what you gonna do  
What you gonna say and what you gonna do

(What you gonna say and what you gonna do)  
Maligned  
You'll find  
(What you gonna say and what you gonna do)  
A strength to ease your mind  
(What you gonna say and what you gonna do)  
Trust fate  
Relate  
(What you gonna say and what you gonna do)  
This trial you'll tolerate

Summer would be bitter without you  
You satisfy the need in me  
Sunshine couldn't warm me like you do  
Devotion's what you read in me

(All I ever wanted)  
Was to be with you  
Just to be with you  
(All I ever wanted)  
Just to be with you  
To be free with you

Review  
Brand new  
You know you'll see it through  
From now  
I vow  
They'll take what you allow

Paradise so dreary without you  
I couldn't last a day without you  
Nothing else could take the place of you  
You know I wouldn't stay without you

(All I ever wanted)  
Was to be with you  
Just to be with you  
(All I ever wanted)  
Just to be with you  
To be free with you  
Yeah  
(All I ever wanted)  
Be with you  
Come on, be with you  
To be free with you  
Totally with you  
Hey

(All I ever wanted)  
Be with you  
I believe in you  
I believe in you  
Hey, hey, yeah

(What you gonna say and what you gonna do  
What you gonna say and what you gonna do  
What you gonna say and what you gonna do  
What you gonna say and what you gonna do)

(All I ever wanted)  
Just to be with you  
Just to be with you  
(All I ever wanted)  
Want to be with you  
Got to be with you  
(All I ever wanted)  
Was to be with you  
Just to be with you  
(All I ever wanted)  
Just to be with you  
To be free with you  
Yeah  
(All I ever wanted)  
Be with you  
Come on, be with you  
Be with you  
All that I want to do  
Hey, be with you  
(All I ever wanted)  
Come on, be with you  
Everything that I do  
Yes, I do it for you  
Yeah  
(All I ever wanted)  
Be with you  
Come on, be with you  
And my life is for you  
Got to be with you.
