

The (International) Noise Conspiracy, The Dream

Wait a second,
will everything turn out fine?
will we get what we are promised,
Or are we just wasting our time?
tell me something, tell me something
what about living right now?
cause I can't believe
this is what we want to be

we feel it right now
baby it's not for me
we feel it right now
it's time to get up and live
the dream is over, hey
the dream is over you see
it's not coming back to me

just a minute
it's not the life we wanted to get
it comes a little too late, baby we can't afford it
maybe someday, maybe someday
we won't be living as slaves
cause I can't believe
that this is what we want to be

we feel it right now
baby it's not for me
we feel it right now
it's time to get up and live
the dream is over,
the dream is over you see
it's not coming back to me

we feel it right now
baby it's not for me
we feel it right now
it's time to get up and live
the dream is over
the dream is over, hey
the dream is over
the dream is over you see
it's not coming back to me
it's not coming back to me
