

The Jacksons, Penny Arcade

Girl you got me dizzy
You put me on a merry-go-round
While my heart was spinning
You 're somewhere else messing around

When we're together
I think that I 'm your only prize
You change like the weather
A little heartbreaker in disguise

Riding on a ferris-wheel
Is the way I wanna feel
But I 'm standing in a line
And I can 't get a ticket to ride

Pretty little penny
You 're spending all the love I make
'til there isn 't any
You play your games
Penny arcade

Hey girl come on down
Get your feet back off the ground
Together baby we can ride
Come on honey don 't hide

Pretty little penny
You 're spending all the love I make
'til there isn 't any
You play your games
Penny arcade

Girl you make believing
You tell me candy covered lies
I 'm the one you needing
Forget about the other guys

I know how you got this name baby
You were playing fun and games
Playing fun and games
I was busy as a bee (busy busy)
Honey take care of your business with me

If you keep lying (better slow down a baby)
You 'll wake up crying
Pretty, pretty little baby
You 're spending all the love I make
'til there isn 't any
You play your games (penny arcade)
You play your games (penny arcade)
You play your games (penny arcade)
