

# The Jayhawks, Let the last night be the longest

I walked the last mile home  
In this heart was born a shame  
Loving you no longer  
No matter what I tried  
The feeling shared tonite keeps coming back to mind  
I'll find an old barroom,  
Settle in for good,  
Forget about the past close behind me  
No matter what I tried  
The feeling shared tonite keeps coming back to mind

Chorus:

Westbound train is leaving, darling cant you see?  
Let the last night be the longest  
In a lonesome memory

(Verse 1)

Chorus 2:

Sun up in the Midwest, darling cant you see?  
Let the last night be the longest  
in a lonesome memory

(Chorus 1)

(Verse 2)

(Chorus 2)

Let the last night be the longest  
In a lonesome memory
