

The Jayhawks, Miss Williams

Sounds like a field being painted in the delta sun
Songs from the book of life for everyone

Chorus:

Miss Williams guitar

Miss Williams guitar

I remember watching her play

And the whole damn crowd

Seemed so far away

Oh, so far away

One night in a bar in Louisville

We had some fun

Walked through a graveyard park

Left the flowers alone

(Chorus)

(Chorus)

I remember watching her play

And the whole damn crowd

Seemed so far away

Oh so far away
