The Jayhawks, Miss Williams' Guitar

Sounds like a field being painted in the delta sun Songs from the book of life for everyone

Chorus: Miss Williams' guitar Miss Williams' guitar I remember watching her play And the whole damn crowd Seemed so far away Oh, so far away

One night in a bar in Louisville We had some fun Walked through a graveyard park Left the flowers alone

(Chorus)

(Chorus)

I remember watching her play And the whole damn crowd Seemed so far away Oh so far away
