

# The Jayhawks, Waiting for The Sun

I was waiting for the sun  
Then I walked on home alone  
What I didn't know  
Was he was waiting for you to fall  
So I never made amends  
For the sake of no one else  
And for the simple reason  
That he was waiting for you to fall

Chorus:

It was not lost on me  
It was not lost on me  
Walking on down the road  
Looking for a friendly handout  
Somebody ease my soul  
So I kept my spirits high  
Entertaining passers-by  
Wrapped in my confusion  
While he was waiting for you to fall

(Chorus)

It was not lost on me  
It was not lost on me  
Walking on down the road  
Walking on down the road  
Walking on down the road  
Walking on down the road
