

# The Jesus And Mary Chain, Break Me Down

Time to turn completely  
To that something I despise  
I don't need no easy piece  
With that something in her eyes  
Something's cracking inside  
Something cracks and leaves me cold and weary  
Something's cracking inside  
And then I make my start and then it's running to me  
And I know what it takes to break a man completely  
And I know about the taste of pain  
And now it's burning through me  
And I know  
And I see  
And I know what it takes to break a man  
Time to turn completely
