

# The Junior Varsity, Ohio (& The 178 Meter Dash

It's back this time only it's harder  
Take time rewind you could give a about this  
Look at what you've been through  
Look at what you've pulled me through  
Man somehow this one tells me this could take a lot from me  
If it's human nature for us to walk in circles  
Then i must be the king of wrong turns wrong things to say  
Long after this is over you'll want to  
Give in give back what you think has been dealt to you  
And this is what you've been through  
Lost but not forgotten down but far from out i  
Could use a change of key  
And i'm back this time only i'm angrier  
Take time for yourself
